

## Creating a Favorite Link to a Report in CalCentral

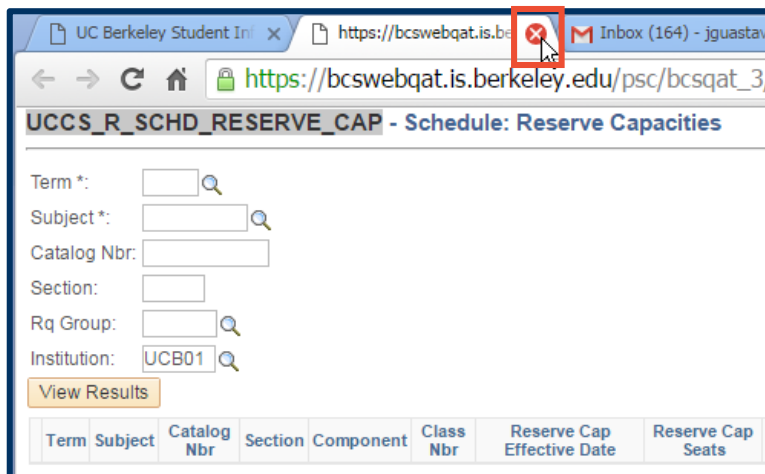

The following steps show how to make a report a “Favorite”, thus having it appear in CalCentral, on the My Dashboard’s Advising Resources section:

1. When you have a report open in HTML, the official report name is displayed at the top, left of the page.
2. Click and drag through the report name to select it. Using **Ctrl-C** (Windows) or **Cmd-C** (Mac), copy it.
3. Click the report browser window’s **Close icon**, to close the report window.

2.

3.

- In the **Query Viewer** section of the **Reporting Center**, click in the **Query Name begins with** text box, and paste the query name. (**Ctrl-V** for Windows, **Cmd-V** for Mac)
