

Report Guide for Advisors

(from top to bottom in the Reporting Center)

Below you see a list of reports that are available to advisors. They can be found in the advisors' Reporting Center, which is accessed through the Advising Resources section of your CalCentral My Dashboard. Wherever an equivalent report appears in the BearFacts menu, it is highlighted in yellow.

There are three things to note about reports:

- Some prompts, such as “Term” or “Institution” are required or a report won’t run—required prompts are typically designated with an asterisk.
- Generally speaking, the more prompts you fill in or check off, the fewer are the rows of returned data, and the fewer prompts you complete, the larger the resulting data set. For example, if you leave the class number empty for a department, you will get data on all classes in that department. If you supply a class number, you will only get data for that one class.
- Mousing over a report name in the Reporting Center will tell you what the report does.
